Monday 15th July

First day of Term 3

From the Acting Principal's Desk

School Wide Positive Behaviours

At YPS we are involved in the School Wide Positive Behaviours SWPB initiative. We aim to interact in a proactive way with all students. Staff have attended some interesting professional development sessions this year and are implementing strategies they have learnt. Not only do academic subjects need to be taught but so does emotional and social skills.

We teach these skills through Resilience, Rights and Respectful Relationships program. Working together with our whole school community achieves the best outcomes for all.

Take the time to talk to your child about our school values of respect, trust, teamwork and traditions. Ask them how they display these values as part of their family, school and wider community. Talking about these values will support your child with their learning at our school.

Winter Sports—Years 3—6

Yarram and District Winter Sports will take place next Friday 21st June. Children will have chosen their sports today.

If you are able to help in any way please let us know. Sports will take place from 11:30am until 2pm. Football and netball will be at Yarram Recreation Reserve. Badminton will be at the Badminton Centre.

There will be no lunch orders available for Years 3 to 6 on this day.

The benefits of being active go far beyond the physical:

Health and physical education helps your child develop the skills, knowledge and attitudes necessary for confident, lifelong participation in sport and recreation activities. It enables them to make responsible decisions about physical activity and to promote their own and others' health and wellbeing.

Did you know?

It is impossible to play sport and be involved in physical activity without using at least one of the basic movement skills.

Did you know?

Children who have good movement skills are more likely to be involved in physical activities as teenagers and adults—and are more likely to be a healthy weight.

Did you know?

Teaching movement skills from a young age will benefit your child for a lifetime.

REGARDS—HELEN DWYER

10 IDEAS

PUTTING IT INTO PRACTICE!

Think of being active as an opportunity to improve your child's health and have fun together.

		1. Try lots of different activities in different places—in the garden, at the park and on the beach.	2. Vary the length of each session as children's attention spans vary.
6. Have fun! Keep it light-hearted and be patient.	5. Encourage development in all skills not just those your child is good at.	4. Encourage your child to swap sides of their body (for example, hop on their left foot and then swap and hop on their right foot).	3. Start with simple skills like rolling a ball on the ground before going on to catching.
7. Praise and encourage your child's efforts.	8. Include activities you know your child can do—success is a great reward.	9. Include activities that your child suggests.	10. Encourage development in all skills not just those your child is good at.

JUNIOR SCHOOL COUNCIL

Ha! Isn't this a great way to finish the term! We are celebrating on Friday 28th June with PJ Day. This means you don't have to get dressed in school uniform and you don't have to bring a gold coin. It is just for fun—so enjoy it!

- Summer & Lara

HOLIDAYS

If you are in Melbourne in the upcoming school holidays, the Melbourne Theatre Company has a special ticket offer for their stage production of the Australian children's classic, Storm Boy. Buying two or more child tickets for performances between 29th June and 14th July entitles you to two adult tickets at children's prices.

- Wendy Bouker
